

Are you protected
against
CORRUPTION?

The aim is to prevent
corruption.

The BAK takes preventive action.

We are the driving force in corruption prevention. Austria's National Anti-Corruption Strategy NACS is the basis for our measures.

Anti-corruption begins
with knowledge.

The BAK provides education.

We raise awareness and expand knowledge
about corruption at lectures and workshops.

Together against
corruption.

The BAK cooperates.

We create a broad alliance against corruption through cooperation with national and international partners.

Prosecuting corruption.

The BAK investigates.

We accept reports and take over criminal investigations nationwide in cases of suspected corruption.

Here's how you can better
protect yourself against
corruption:
